

Your Guide To AAT Foundation Certificate in Bookkeeping

AAT Foundation Certificate in Bookkeeping

This course represents a typical starting point for those who are working, or wish to work in an accounting role in practice or industry. This AAT Bookkeeping qualification introduces you to manual double entry bookkeeping skills.

You will also learn about the associated documents and processes, up to Trial Balance stage.

Upon completion, you can choose to complete any of the other AAT Foundation Qualifications. Or you can progress onto any of the AAT Advanced qualifications.

What support do I get?

We offer three different packages:

- **Basic:** for those who want to self-study with no tutor support, tracking your own progress and self-marking practice exams. Where students find they need support for a specific unit, they can upgrade to the 'Standard' package for that individual unit or the whole course.
- **Standard:** uncapped and pro-active tutor support plus all your learning materials. Your tutor can be contacted with any study queries, and will mark practice exams with full feedback.
- **StandardPLUS:** as for Standard, but this package also includes all of the AAT exams and registration fees too.

PASS PLUS GUARANTEE - with our exceptionally high pass rates it's rare for a student to resit. In fact, we are so confident you will pass first time, in the unlikely event a resit is required, we'll cover the cost for you! (Terms and conditions apply)

Our Pass rates

Our exam pass rates are 98% - 100% for the Foundation level.

This is not only due to our support and exclusive learning materials. Distance learning means there is no set timetable. You don't need to sit your exam until you are ready!

When can I get started and how long will my course take?

Enrolment is on a "roll on roll off" basis, meaning that you can start at any time of the year. It usually takes between 2-6 months to complete the AAT Foundation Certificate in Bookkeeping. However, as a distance learner, your timings can be more flexible.

We will create a personalised learning plan for you. This will reflect the amount of time each week you will be able to devote to your studies and any personal deadlines you want to meet. We recommend you study 6 - 8 hours per week which would see you achieve your qualification in 4 months. We support your studies for 7 months from enrolment.
